From The Desk of Principal

Dr. Bindu Srivastava

*It's my pleasure to welcome you to study at **E- Coal International School (ECIS)**. In tune with globalization and understanding the need of the society and the corporate world with 'Team ECIS' ushered further ahead into the field of education by introducing the concept of private School in Urjanchal (Singrauli) region. We have been pioneer in establishing the private school in Waidhan, Singrauli and are proud of our venture. The school with a strong foundation and polished vision aspire to be a class premier institution for quality education.*

Entire school campus will be under CCTV surveillance. The school will provide A.C. classrooms to keep summer heat at bay. To uplift the standard of our education teaching will be done through latest technology i.e. audio-visual aids, interactive boards, educational toys etc. Huge playground with swings, slides etc will help student to maintain physical health and relax. Football, badminton, basketball courts will help students to grow up as fine sportsman.

Thanks for considering us the school of your choice.

*Welcome to the Academic Fraternity of **E- Coal International School** towards a bright future.*

Infrastructural Facilities: -

1. School Building -

A vast expanse of 2 acres provides a perfect ambience for an aesthetically chartered school building. The lung space of open lawn are marked with a colorful bonanza of fresh floral bounty.

An awe inspiring Wi-Fi enabled infrastructure comprising of 55 well ventilated Class Rooms, Science, Math Laboratories and Library. To the process of learning we have a sound proof Auditorium, and AV room, a sports field, Principal Room, a Director room, an Administrative hall, three big halls and an art gallery to showcase the creative flair of the students.

2. Library –

School has big library to accommodate working models, charts and teaching aids. It also has Story Books, Reference Books, Competition Book like 'Competition Success' in different book shelves. The School has 'Open Library' where a shelf of magazines and other activity books have been placed to encourage the children to read during their free time. The reference library which is fully computerized and the total number of books are around 5000.

3. Class room –

Each class room is bright and well ventilated for a comfortable learning experience. Each Class is equipped with learning comers to provide practical knowledge that enhances the competitive skills of the students.

4. Reception Area -

We have created a dedicated reception area for the parents to communicate with us easily. The reception area will act as a contact point of all your queries. Our dedicated staff will be able to answer all your doubts regarding everything about your ward's education. Our specialized trained staff will be your single point of contact for connection with us. This will prevent you from being harassed unnecessarily regarding collecting information.

5. Science Laboratories -

A scientific temperament is nurtured through fully equipped and suitably designed laboratories for Chemistry, Physics and Biology. Students are encouraged to use the facilities for enhancing their innovative and scientific skill.

6. Math Laboratories -

The formulae of mathematical intelligence is cracked in the number zone of math lab. E-COAL is equipped with all the facilities that make your child's education complete. Unlike other schools we make our kids practice mathematics through fully equipped mathematics lab that help students to generate a knack for the subject reducing fear for mathematics.

7. Computer Lab -

We have a dedicated computer lab in our school premises. We understand the importance of technology in today's competitive world and we ensure that your child is getting best computer knowledge. Our computer lab is fully equipped with all modern technologies for accommodating 40 users at a time. Each machine is configured according to the latest technology making learning computer science an interesting subject.

8. Art Gallery-

A synaesthetic temperament is nurtured and showcased in the art gallery. A blend of colours and designed elevates the human mind to merge it with the supreme being. Regular art exhibition are held to nurture and provide individual and collective talent.

9. Transport Facilities -

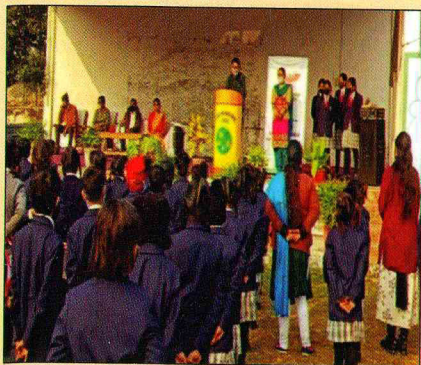

Safe and comfortable transportation facilities are provided by the School. Children are picked up and dropped at fixed points within easy reach from their residences. We take every measure possible to ensure that the children travel to school every day in a comfortable and safe manner.

10. Infirmary -

'Young India'- Fit India is the health motto of E-COAL. The 'School Clinic' is equipped to take care of minor exigencies. In case of an emergency. The following facilities and resources (Outside the school) will be used. (Govt. Hospital 1 Km from school).

11. Sports And Games – Sports and games are the important and compulsory part of education in E-COAL. We have facilities for indoor games like chess and carom and outdoor sports facilities like skating, ball badminton, doss ball, badminton, volley ball, and kho-kho to help the kids nurture a knack for sports man spirit.

12. Audio Visual Room – The use of audio visual is well integrated with the school curriculum and used by the staff and students alike The Audio Visual Room with its OHP's slide projector and screens is equipped both for teaching and presentation by students. A Large collection of educational CDs are used regularly as teaching aids for enhancement for the students learning.
